

This progressive course builds on and expands the solid foundation of the Ocean Diver Course by

- Developing skills learnt on the Ocean Diver Course
- Introducing new skills and equipment that will enhance your diving practice
- Increasing your knowledge of diving theory and practice

On the Sports Diver Course you will

- Learn how to deploy and use a Surface Marker Buoy, Delayed Surface Marker Buoy, distance lines and shot lines
- Learn about using a compass for navigation
- Explore deeper diving and decompression diving
- Look at and practice diver rescue skills
- Learn about Dive Management skills and dive planning

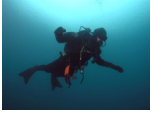

You will be expected to dive in a range of conditions including a dive

- Using a shot line with a deep water exit
- Using Nitrox to a maximum of 36%
- From a small and/or a large boat
- On a wall
- In low visibility

The cost of this course includes

- The workbook
- Certification
- Pool training
- Lectures
- Qualifying dives

**Cost £380**

NB The cost of the course does not include entry or membership fees into Inland Dive Sites, the cost of any boat arranged on the qualifying dives.
